

ARE YOU LOOKING A PRODUCTION PARTNER?

**WE ARE PROUD TO WORK
WITH YOU**

Küçükaslan Tekstil

Küçükaslan Tekstil

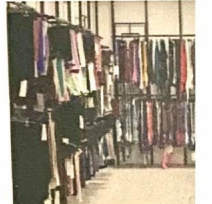

In the textile sector, we serve in accordance with the motto "Craftmanship" in all production stages.

Küçükaslan Tekstil, founded in 2017; solution-oriented, innovative, sustainable, environmentally sensitive, global scale, has adopted a reliable company that has become one of Turkey's largest Seamless manufacturing companies in a short time.

Our latest collections prepared by our design department, we are producing various brands of Turkey. Showing continuity to its customers, it has entered through high-quality products and services among Turkey's leading manufacturers of Seamless.

Our company has an integrated facility that can meet all kinds of production demands with its machine park equipped with the latest technology and expert staff.

As Halisyün Tekstil Gıda Bilişim ve Eğitim Hiz. San. Tic. Ltd. Şti., we will continue to produce products that contribute to the happiness of our customers by adding innovations to our sector in the upcoming period, by preparing designs according to your wishes.

Our Values

We believe in living our values: integrity, respect, trust, inclusiveness. That means cultivating an inclusive environment where everyone feels valued and a sense of belonging.

We believe trust and integrity is essential to foster loyalty and team work. We care our people, our business partners and communities to create sustainable business environment.

Our Vision

Our vision is to constantly pursue new ways of working to deliver value to our customers.

We explore and reach the best players in the supply chain.

Our business concept is manufacturing fashion at best quality and at best price for our customers.

We believe constant improvement and innovation. We try to create an ecosystem to enact change in the supply chain for the benefit of our customers and business partners.

Sustainability

We care for our planet. Not just to say it but we have been integrating sustainable fashion for over 10 years.

It all started as ethics and social compliance initiatives and went on to be something else. We have been sincerely pioneering sustainability with these aspects to further enhance our services and delivering ethical products.
